

## Memorandum

---

To: Head Contractors (HCs)  
From: Theresa Bullen, Principal's Representative  
Subject: ENVIROHEAT heat pumps - BISC approved item  
Effective Date: 14<sup>th</sup> January 2021

---

### **Background:**

The purpose of the Housing Authority Maintenance Works and Services Business Improvement Steering Committee (BISC) is to drive improved business processes and product application within the Maintenance Works and Services Contract (MWSC).

Subsequent to the BISC meeting held 14 January 2021, the “*ENVIROHEAT*” heat pump has been endorsed as an approved item for the MWSC.

### **Purpose:**

The purpose of this communication is to provide confirmation of “*ENVIROHEAT*” heat pumps as an approved item; specific to the following clauses in v8.0 of the MWSC Technical Specification:

- Hot Water Units 90(c)
- Hot Water Units 166(d)

Clauses will be updated in a revised version of the Technical Specification published at a later date.

### **Actions Required**

HCs can commence utilising “*ENVIROHEAT*” heat pumps as of the effective date on this Memorandum.
